To protect the integrity of the OCTOPUS GAMING brand and to achieve maximum recognition, it is important to include a safe area around the graphical elements of the logo, or other company logos to not be in direct contact with the OCTOPUS GAMING logo. By visualizing a containment box around the artwork (red outline box), any other elements should be a least a 1X width or height away from the logo artwork.

1X is equivalent to the height of left separated rounded shape.

● CORRECT APPLICATION OF LOGO

Logo on white background

Logo on black background

Logo on blue background

Logo can be presentet also in gray color or over gray background (aprox. 25% of black).  
All rules are same for other two logo variations (horizontal with text in 2 rows and vertical,

## ● INCORRECT USE AND APPLICATION OF LOGO

Any editing of logo (including color changes, repositioning, addition or removing elements) is not allowed. Logo must stay as it is, and must be visible on all backgrounds using proper variation. Some of bad examples are presented below.

\*Changing colour of elements

\*Removing elements from logo

\*Adding other elements

\*Changing position of elements

\*Disproportionately scaling

\*Using other typography

\*Using low resolution of logo

\*Rotating

\*breaking safe zone

\*Wrong application on background
